

E-mail blast for T.A.C.

Dear T.A.C. Attendees!

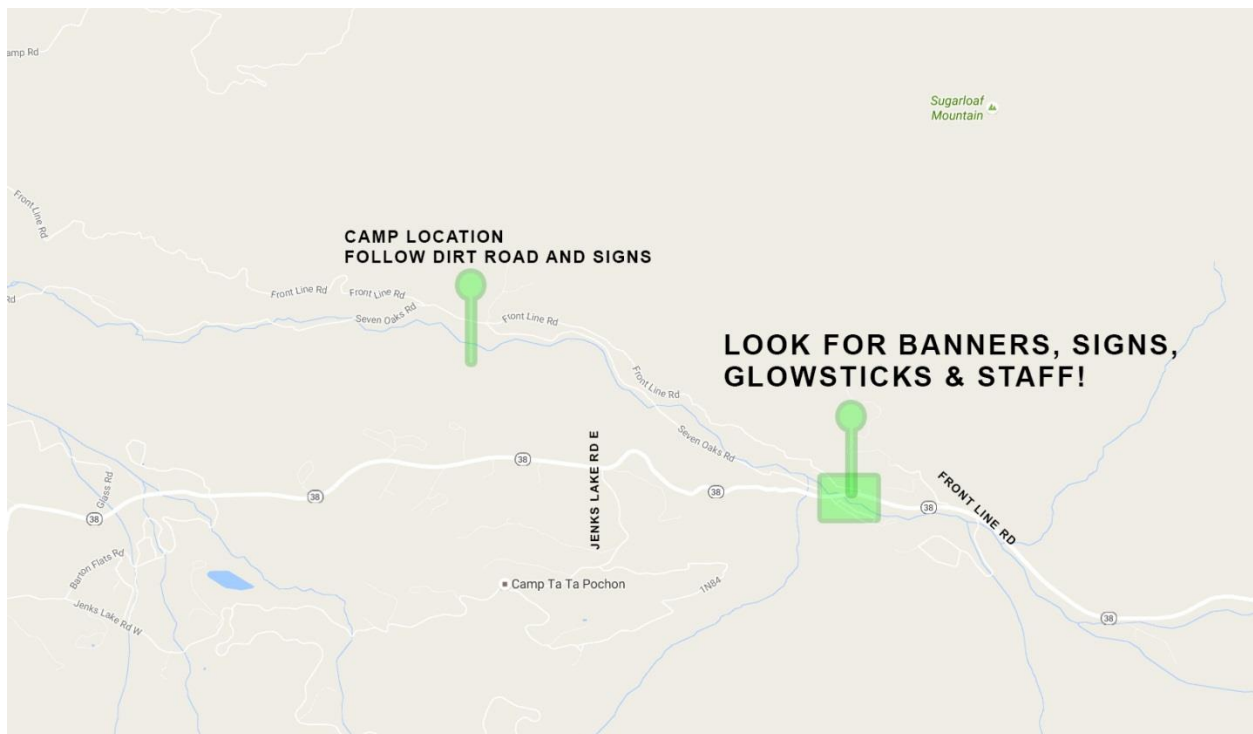

Welcome to Airsoft camp, and we are excited as I imagine you are! This year we hope for all the usual fun, excitement and energy from last year. We are using the Camp River Glen location again this year with its pool, rope tower, and giant Airsoft AO! There are some rules that each camper must abide by while staying in the cabins:

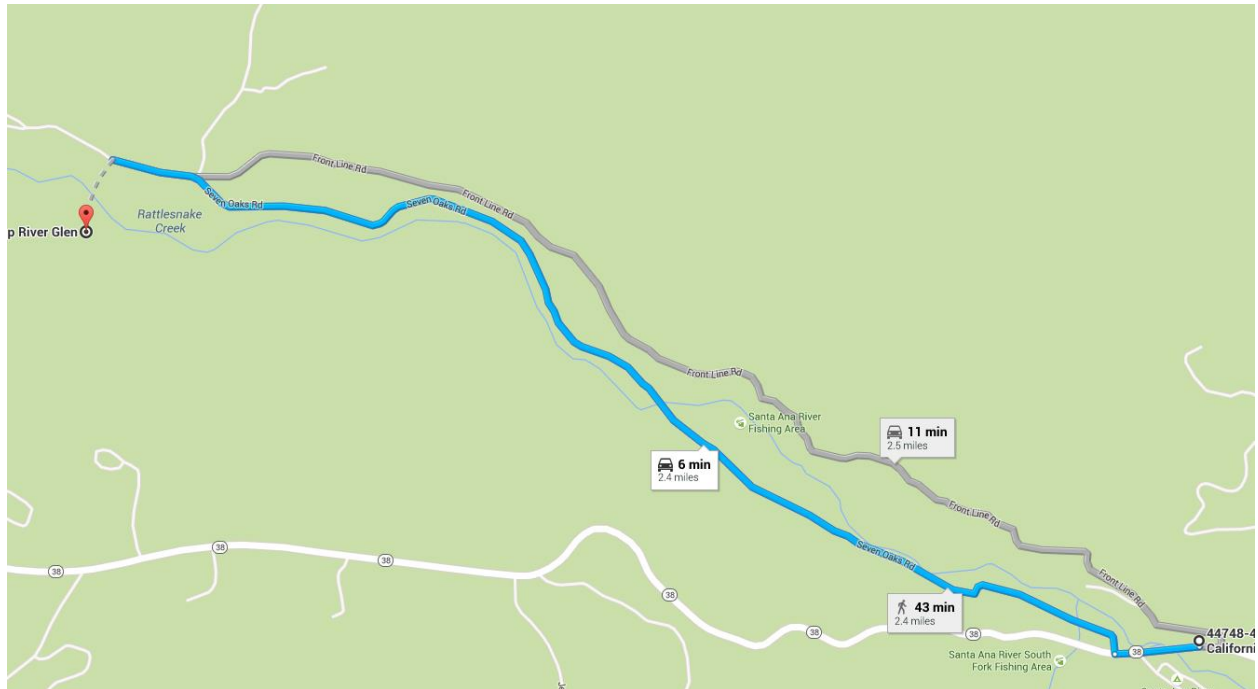

- 1) No food at all allowed in the cabins. **NO EXCEPTIONS.** This is for your protection, and if you want to bring your own snacks we recommend checking them in with the event or Evike staff on site to store your food items for you. There will be designated areas for the food from each cabin.
- 2) No scented toiletries. This includes chap-stick, deodorant, etc. These items can be checked in with event staff.

For driving directions to the new camp please use this address as reference, or refer to the map. Look for Evike.com banners, glow sticks, or staff at the camp entrance.
